## **Other**

### **Tuesday, Not Wednesday**

We will meet Tuesday night this week because of Thanksgiving.

### **People Helping People**

People Helping People is a local organization that collects and distributes things for people in need. During the holidays they create food baskets. We are helping with canned fruit for the baskets again this year. If you would like to participate, please have fruit at the building by next Sunday. You may place it in the resource room (the front left room).
